

IOWA PENSION SYSTEM MAPPING APPLICATION

Pension Mapping. The Legislative Services Agency has created a new mapping application for the Iowa Pension Systems. The site contains information from each of the four primary public retirement systems in Iowa; the Iowa Public Employees' Retirement System (IPERS), the Municipal Fire and Police Retirement System of Iowa ([Iowa Code chapter 411](#)), the Iowa Department of Public Safety Peace Officers' Retirement, Accident, and Disability System (PORS), and the Judicial Retirement System.

Internet Information. The Internet site is organized by tabs, with information on each of the four public retirement systems included under the tab for that retirement system. Information provided for each retirement system includes a link to the retirement system's Internet site, as well as membership and benefit payment information. A publications tab includes documents prepared by the Legislative Services Agency concerning Iowa pension systems. An actuarial reports tab includes the annual actuarial reports issued by each retirement system by fiscal year. The Public Retirement Systems Committee tab provides information on the public retirement systems committee. This Committee, charged with reviewing Iowa's public retirement systems, is composed of members of the Iowa General Assembly.
